The Y. M. C. A. field day must be written down a great success from every standpoint. The weather was perfect, the attendance very satisfactory and the sport throughout excellent.

It was the first athletic meeting ever held in December and the innovation certainly caught on. The occasion found the baseball and football players in excellent trim for track and field events, as a glance at the times and distances made yesterday will bear abundant testimony.

The track at the Boys' Field on Liliha street had been put in fine shape for the various events and showed great improvement over the last meeting held within the Boys' Field enclosure.

The program was run through without a hitch and great credit is due in this respect to Clerk of the Course Sam Johnson, who hustled the competitors onto their marks in double quick time. There were absolutely no delays between events, and this in itself is sufficient to make the meeting unique in the athletic annals of the islands.

The competing clubs were the Diamond Head Athletic Club, Kamehameha Schools, Y. M. C. A. and the Boys' Clubs. The latter entered the competition at the last moment, as did the 10th Infantry athletes, who competed in the colors of the Y. M. C. A.

Silver medals and other valuable prizes were given to first place men, second prize consisting of a lei. The prizes were gracefully presented to the successful competitors by Mrs. Brown and Mrs. Haley.

The winning team was the recipient of a handsome silver cup, presented by the Y. M. C. A., under whose auspices the meeting was conducted.

The contest for the cup was between the Kamehamehas and the Diamond Heads and the fight for points was a stern one. The Diamond Heads established a big lead in the early events, but the Kams came strong at the finish, and when the score was finally added up there was only five points difference between the two teams, and that in favor of the Diamond Heads.

The winning club is the "baby" athletic club of the city and its signal success at its first venture in field sports is exceedingly gratifying to all concerned.

The Kams made their usual brave showing and the meeting proved a valuable try-out of new material. The blue and white threatens to be as dangerous as ever at the next athletic meeting, which occurs in March, and in which Oahu College is expected to participate.

No less than five records were lowered, the times and distances in the walk, hurdles, shot, hammer and shot put being appreciably clipped.

Schorsch proved invincible in the mile run, winning within a fraction

of the record time made by Mannis at Kapiolani Park two or three years ago. Akana and En Sue again demonstrated their ability to farm the sprints, taking the 100 and 220-yard events. En Sue also won a heat of the hurdles and was placed in the broad jump.

The quarter fell to McCandless, who is perhaps the best all-round athlete that Hawaii has ever had. Yesterday his record was:

Second heat 100-yard dash—1st. Final heat 100-yard dash—2nd. 440-yard run—1st. 220-yard dash—2nd. Broad jump—1st. High jump—1st.

The Kams scored 8 points in the 880-yard run, Kaupine and Contrades easily disposing of the opposition and finishing in the order named.

The mile walk resolved itself into what was practically a match between Hopper and Ayres. The latter had cut his knee the previous afternoon and warmed up in the mile run in order to work the stiffness out of the joint. Hopper took the lead from the start, closely attended by Ayres, and this order was preserved until a quarter of a mile from home, when Ayres passed his opponent and won without difficulty by some sixty yards in the time of 8:55 1-5. The race, which is the first of its kind held here for a number of years, excited great enthusiasm, the different styles of the competitors creating much amusement. The Kams entered one little fellow who could not have been over four feet tall and who was young for his inches at that.

Noah, for that was his name, took the track like a veteran and stuck to his work in the gamiest possible manner, winning a round of well-deserved cheers when he finished.

There was nothing to either the half-mile or the one mile relay but the Kams, who simply romped home in both events, netting thereby 10 good points.

En Sue took the first heat of the hurdles, but fell from sheer exhaustion in the final heat, the winner turning up in Sylvia, who topped the timer beautifully and clipped three-fifths off the island record, held by Wells, and made when he was running for Kamehameha.

Kaai and Amoy took first and second places in the pole vault for the Diamond Heads and Oliver Jones and Kanoe duplicated their performance in the shot put, the former breaking the local record by a beautiful put of 46 ft. 1 in.

Yet another record was shattered when the versatile McCandless cleared 21 ft. 4 in. in the broad jump, taking first prize from Amoy.

Kame took but one throw in the hammer pitching event, but that was sufficient for all ordinary, and for the matter of that, all extraordinary, purposes, for the leaden missile sped an even 130 feet, beating all other competitors and incidentally lowering the local previous best figures for the event. The high jump was captured by Mc-

Candless, with Simeona, another son of Kamehameha, next best.

First place was awarded five points, second place three points, and third place one point.

The officials were as follows:

Referee—P. L. Horne.
Clerk of the Course—Capt. Sam Johnson.
Scorer—W. H. Babbitt.

The Diamond Heads were to have played the Kaulanis last night in the final game of the Y. M. C. A. indoor baseball league.

The Kaulanis defaulted, however, and the game went to the Diamond Heads.

The Diamond Heads are now the champions of the present season, there not being a team in the league which has been able to make anything like a close game with them.

HIGH SCHOOLS CHAMPIONS

"And Ellen won the game." That is the epitome of yesterday's basketball game. A field throw and a free throw in the first half and four free throws and three field throws in the second half, thirteen out of the total of fifteen points that the High Schools made, were scored by this little dart. Back-handed, sideways, anyway at all, seemed to be about the same to her. The Normals had the High Schools beaten (score 13 to 12) when Ellen Dwight landed the ball in the basket from the side, after having just added a two spot to the High School score a few moments before. That put the High Schools just as far ahead of the Normals as they had been behind the moment before and the field was wild with shouts of applause. Shouts of applause for the feat which was a feat indeed. Cries of encouragement for the Normals only temporarily eclipsed (so their supporters thought) and yells of approval for the team now in the lead—and the minute hand almost on the stopping point. When the ball came through the basket and went to the referee the Normals got rattled and on a foul it went to Ellen again for a free throw. And with the full weight of the responsibility of that throw on her mind, she measured the distance carefully with her trained eye and slowly let the ball out of her hands into the air.

The whole field stood in suspense and held its breath. The spectators looked on the flight of that ball as if the future of Russia was hanging in the balance. If Ellen missed, the Normals would probably get the ball and Speckman would surely not miss the chance to score if she once captured the rawhide. If Ellen landed in the basket, it would give High Schools a lead of two points which would be very hard to overcome so close to the referee's stop whistle. Well, after ages, it seemed, the ball landed right in the net and before it had a chance to get out of the resultant scrimmage, the referee's shrill whistle sounded, "treat," and the championship game was over with a score of 13 for the Normals and 15 for the High Schools. The High Schools had won the championship cup put up by coach Ben Clark of the Highs. Immediately the Y. M. C. A. boys had the winning girls covered with carnation leis hardly a shade redder than the cheeks of the victors. And Coach Stewart of the Normals, like a good sport, was in the midst of the congratulating ones. "We put up a good game," said she, "and are not ashamed to lose. We would have liked to win, but we are glad that you won."

And Miss Stewart was right. The Normals did put up a good game. When the first half was finished, Speckman had tossed in a field and a free throw and Amelia Akeo had dropped in two more fields, making the score 7 to the High Schools, 5.

Of the High Schools' 5, Ala Smith had contributed a fielder. But the forwards were well backed up by the centers and the guards attended very strictly to their knitting also. It was a pretty game, there being little disparity in weight or height in any of the opposing groups and the game had to be played by hard work and science. The teams had fewer fouls than were scored the week before. There was none of the roughness to the game, though the ball was kept whisking away from one corner to the other in a manner which made it absolutely impossible to always follow it. Team play was especially strong, the Normals doing some very neat work in the first half, and both teams doing themselves proud in the last half. The centers kept strictly within their lines and not a forward or guard stepped into the space reserved for the centers. It was simply a beautiful game all through and any way you looked at it.

This finishes the champion set, with the ranks of the team as follows: High Schools (champions), Normals, Kamehamehas and Punahou. There was some criticism of the Punahous not playing the final game with the Kams, but what would have been the use? The people wanted to see the championship fight and would have cared very little for who was going to capture the booty.

Tennis. The final round of the Beretania Tennis Club's Thanksgiving Day men's singles handicap tournament, scheduled to be played yesterday afternoon, failed to come off, W. P. Roth being in favor of the match being postponed until this week.

A. T. Brock was agreeable, and the game was put over until Tuesday or Wednesday.

THE POULTRY SHOW. The first annual exhibition of the Hawaiian Poultry Association which begins next Thursday will be one of the most novel and interesting events ever held in Honolulu. Residents of this city will be greatly surprised to see the array of fine birds owned here. The exhibition will be held in the place formerly occupied by the Herriek Carriage Co., on Merchant street, between Fort and Alakea. The price of admission has been put at 25c, so as to encourage a large attendance, and the show is certainly one that no one will care to miss. Entries of fowls can be made with G. P. Wilder at his office.

A school teacher instructing her classes in grammar wrote this sentence on the board for correction: "The horse and the cow is in the lot." No one seemed to know what was wrong with it, till at last a polite little boy raised his hand. "What is it, Johnny?" asked the teacher. "You should put the lady first," corrected Johnny.
